

Presentation Requirements

ENG1003 Path Planning

General Requirements

- Length: 5-10 Minutes
- Everyone has to present (Equal time ideally)
- Not a must to show your face (Showing might result in higher presentation score)

What to include in your presentation?

What you must include:

1. A background
2. The tasks and how you did it
3. Challenges you face
4. What the group has learned besides the technical stuff,
for example: Collaboration

How to hand in?

1. Finish the video with everyone's parts in it
2. Upload it to YouTube (You might privatize it)
3. Copy the link and add a section at the beginning of your README.md report
